

PEACE IS IN YOUR HANDS

Words and music by Rachel Derry, ©2011

It seems so very simple
It seems so very right
To look at hands and see they can
Create a world that might be

*Chorus: Touching, feeling
Shaping, Healing,
Holding, Reaching
Peace is your hands*

Hands of different sizes (colours, shapes)
What difference does it make (it doesn't matter)
Held in solidarity
Creating love is what it takes

*Chorus: Touching, feeling
Shaping, Healing,
Holding, Reaching
Peace is your hands
Peace is your hands (x4)*

Bridge: With these hands, let's plant another garden
With these hands, let's speak another language
With these hands, let's use them for giving
Let's celebrate, let's celebrate
With these hands

*Chorus: Touching, Feeling
Shaping, Healing
Holding, Reaching
Peace is in your hands*

*Clapping, Waving
Playing, Shaking
Holding, Reaching
Peace is in your hands*
